

As a StartUp in the PropTech industry, we're connecting all participants in multiparty house holds. Offering a platform that is easily accessible via web and mobile applications, we're connecting landlords, tenants, property managers and service providers to provide easy communication, more transparency, efficient processes and reduced efforts.

With our office located at TechQuartier in Frankfurt (Main), we're looking forward to energetic, enthusiastic colleagues that strive for success and are keen in participating in cunio's growth and success story.

## To grow our development team in Frankfurt we're looking for a **Full Stack Developer (f/m)**

### Your responsibilities:

- Enhance our web applications and the underlying platform by designing and developing new features
- Participate in product decisions (UX, Features, Roadmap)
- Quality assurance and documentation of software releases
- Continually improve code quality, performance and reliability

### Your qualifications:

- You graduated in computer science or a comparable degree
- You're experienced with modern web technologies (HTML5, CSS, JavaScript) and development of Single Page Applications in Responsive Design with Angular 2/4 and Bootstrap
- Being fluent in PHP, you already developed based on a PHP backend (ideally Laravel), and know patterns and building blocks for building a clean and sustainable web application architecture
- You're familiar with common software development tools used along the process (CI, CD, Bugtracking, Release Administration, etc.) and a big friend of DevOps
- Ideally, you already got in touch with container-based cloud technologies (Docker, Kubernetes)
- You love clean code and are proud of the results you produce. You contributed to an open source project or can demonstrate your track record with own projects (e.g. on Github) that you worked on in the past.
- As a team player you show engagement and a hands-on mentality
- Being tech-savvy, you're happy to learn new technologies, quickly pick them up and apply them to solve a problem

### What we offer:

- Working with new technologies and being in tune with the times
- We value self-education and support you in improving and expanding your skills
- Networking in Frankfurt's startup ecosystem
- Open, communicative and dynamic startup atmosphere, with exciting tasks and short decision paths

If you want to be part of cunio's success story and want to join our young team, we warmly welcome you to our fresh atmosphere and open minded business culture.

We're looking forward to your application on [career@cunio.de](mailto:career@cunio.de)
