

As a StartUp in the PropTech industry, we're connecting all participants in multiparty house holds. Offering a platform that is easily accessible via web and mobile applications, we're connecting landlords, tenants, property managers and service providers to provide easy communication, more transparency, efficient processes and reduced efforts.

With our office located at TechQuartier in Frankfurt (Main), we're looking forward to energetic, enthusiastic colleagues that strive for success and are keen in participating in cunio's growth and success story.

To grow our development team in Frankfurt we're looking for an **Intern/Working Student in Mobile App Development (f/m)**

Your responsibilities:

- Development of our mobile apps for Android and iOS Smartphones
- Optimisation and implementation of new features
- Participation in product decisions (UX, Features, Roadmap)
- Quality assurance and documentation of software releases
- Documentation of releases and tests
- Creation and optimisation of processes and tools in software development

Your qualifications:

- You're a student in computer science or a comparable degree
- You already have some experiences in app development for iOS (Swift) and Android (Java) and participated app projects (ideally in the context of connecting RESTful APIs or BaaS-Services)
- State of the art processes and tools of software development are familiar to you (CI, CD, Bugtracking, Release Administration, etc.)
- You are encouraged and interested in solving problems and are excited about diving into new technologies
- In order to optimise the usability you always keep the user's perspective in mind with the objective to not only make the software work but also make users love the software
- You have experiences in the operation of cloud environments (AWS, Kubernetes)
- Quality assessment for you is just a question of honour
- As a team player you show engagement and a hands-on mentality
- You have an analytical, structured, self-educating and reliable working mentality
- You're fluent in English, ideally have some basic German language skills

What we offer:

- Working with new technologies and being in tune with the times
- We value self-education and support you in improving and expanding your skills
- Networking in Frankfurt's startup ecosystem
- Open, communicative and dynamic startup atmosphere, with exciting tasks and short decision paths

If you want to be part of cunio's success story and want to join our young team, we warmly welcome you to our fresh atmosphere and open minded business culture.

We're looking forward to your application on career@cunio.de
